

DAYLIGHTING AND HYDRO EXCAVATION

Lonestar West Turnkey Hydro Excavation and Expanded Services

Lonestar delivers a safer, cleaner, more precise methodology for your daylighting and other excavation projects. Combined with Clean Harbors Daylighting and Hydro Excavation Services, we cover the United States and Canada with more than 200 hydro vacs and an expanded range of services.

Our world-class Daylighting and Hydro Excavation Services utilize industry-leading assets, an expert team of qualified personnel, a turnkey infrastructure, and an eye for innovation to uniquely manage and execute every phase of the excavation, transportation and disposal process.

Lonestar is now part of Clean Harbors—North America's leading provider of environmental, energy and industrial services. Clean Harbors serves more than 250,000 customers, including a majority of Fortune 500 companies, thousands of smaller private entities, and numerous federal, state, provincial and local governmental agencies. Founded in 1980, Clean Harbors has grown to be the leading and most trusted name for a broad range of services such as end-to-end hazardous waste management, emergency spill response, industrial cleaning and maintenance, and recycling services.

Through its Safety-Kleen subsidiary, Clean Harbors is also North America's largest re-refiner and recycler of used oil and a leading provider of parts washers and environmental services to commercial, industrial and automotive customers.
